I am studying informatics at the Ionian University. I am aspiring to learn as much as possible about what Computations are, the Processing of Information, and to become an expert Programmer. All in all i strive so that at the time this experience is over, i will know deeply about information theory, networks and every other interesting aspect of computers.

SKILLS

- Teamwork, Desire to learn, Adapt easilly

- Hard working, Social, Project Management

AREAS OF INTEREST

- Computer Networks, Automata Theory, Algorithms and Algorithm Complexity

- Machine Learning, Data Management, Distributed Systems

Previous Experience

July 2017 - October 2017

OBLIX
Commis Waiter
London

Education

2016 – Currently

Informatics
Ionian University, Corfu

Languages

Greek (Native Fluency)
English (Edexcel Lower Certificate)
